WELCOME

What is the Annual Educational Conference?

Joy is the reward for a life lived well, or to paraphrase Aquinas, a life loved well. Joy is an experience we all seek for its own sake, a foretaste of the Beatitude we are meant to experience forever. The plenary sessions of The Joy of Medicine will first explore the nature of joy and its relationship to love and suffering. Second, many speakers will describe how and where they have discovered joy as physicians in an array of settings. Finally, experts will explain how to practically rediscover joy in your life of medicine if joy has become a stranger to you. As a bonus, by attending this family friendly conference in Orlando, you will be able to meet and get to know like-minded medical professionals and family members who seek joy by knowing and imitating Christ.

Unlike many medical conferences, the Annual Educational Conference of the Catholic Medical Association has a very strong spiritual component. Mass is celebrated daily, and adoration of the Blessed Sacrament is available 24 hours a day. Many priests are in attendance to hear confession and provide spiritual guidance. Time spent with likeminded people celebrating the sacraments leads to renewed hope in our mission and a spiritual renewal.
